## *Take the Extra Step to Show Tenants You Care.*

*Demonstrate your commitment to tenant well-being with the Renown Office Building Skincare Program. Only Renown offers:*

- The most reliable, lowest maintenance soap dispensers
- Botanically-infused soaps that tenants appreciate
- PURELL® – the hand sanitizer brand employees know and trust
- Affordable programs that maximize quality

Broken dispensers, dripping spouts, and runny gallon soap require extra maintenance time and may not meet your expectations. A soap system upgrade is an easy and impactful way to improve the tenant experience.

**Tenants appreciate it when you do a little bit more to reinforce that their building is clean and healthy.**

## Add PURELL® Hand Sanitizer to Communicate a Higher Standard of Cleanliness

#1 Brand

Placing PURELL Instant Hand Sanitizer in your building is a cost-effective way to show you are doing a little bit extra to care for tenant well-being.

“  
**25%** of people don't wash their hands after using the restroom;<sup>3</sup> **46%** don't wash long enough to be effective.<sup>4</sup>  
”

## PURELL Perfect Placement at Restroom Exits.

Employees appreciate PURELL sanitizer where they are most aware of building cleanliness. They use PURELL sanitizer when exiting rather than grabbing a paper towel to open the door handle.

Lifetime battery performance and touch free dispensing without the maintenance hassle.

Mount the PURELL dispenser inside the restroom, on the wall by the exit door (next to the door handle), and 36"- 40" off the floor.
