

**PURELL®**, **PROVON®** and **GOJO®** brand products,  
dispensing systems and skin care programs.

**GOJO PRODUCT CATALOG**

Welcome to the GOJO® Product Catalog, where you'll find a comprehensive array of products and programs all aimed toward one goal: improving well-being through hygiene and healthy skin. That's been our focus for 63 years –

and it's more important than ever in a world that is increasingly concerned about reducing the spread of germs while improving skin condition.

In this catalog, you'll find a wide range of products aimed at improving well-being: PURELL®, the #1 instant hand sanitizer in America; PROVON®, our comprehensive line of healthcare products; and GOJO®, our complete line that includes washroom, shower and heavy-duty skin care products. All are available in a variety of package and dispensing configurations for use in professional settings.

# Focus on Skin Care Solutions

**At GOJO®, our sole focus is on hygiene and healthy skin.**

That's why we lead the industry in skin care solutions for a variety of markets, including healthcare, manufacturing, automotive, foodservice, education, health & fitness and government. Each market provides us with a more in-depth understanding of the science of skin care, and we apply that knowledge to every market we serve.

We combine progressive product formulations, carefully engineered dispensing technology and scientifically based education and training programs that encourage healthy skin care behavior. The resulting skin care programs are the most extensive and comprehensive in the industry.

# PURELL®

## The brand people know and trust.

Germes are everywhere. **Soap and water aren't.**

Whether or not you see them, germs are everywhere. They're on desks, phones and

even elevator buttons. And since most germs are spread by

hands, it's easy to see how quickly those germs can spread in any professional setting where people interact. So, how can you quickly and conveniently kill germs on your hands – without having to leave whatever work is at hand? Simple: use **PURELL — America's #1 instant hand sanitizer.<sup>1</sup>**

1 PURELL is the number one hand sanitizer in food, drug and mass-merchandise retailers according to Information Resources International, Inc.

PURELL is a trademark of Johnson & Johnson and is used under license

# Healthcare. Education. Foodservice.

Use PURELL® wherever YOU need it most.

**Easy to use and as safe on hands as regular soap and water, alcohol-based PURELL kills 99.99% of most common germs that may make you sick.**

Best of all, you can make PURELL readily available whenever and wherever you need it.

In fact, the U.S. Centers for Disease Control and Prevention (CDC)

recommends the use of alcohol-based hand sanitizers to help prevent the spread of germs in hospitals, offices, schools and child-care centers. PURELL also makes good sense in foodservice, military and manufacturing environments, where there is high potential for germs to spread.

Whether it's in a pump bottle, a wall dispenser or even in your pocket, PURELL is the cost-effective way to practice good hand hygiene quickly and conveniently.

Use PURELL regularly to help you, and those you are in touch with, steer clear of germs.

# PURELL®

## POWERFUL DEFENSE AGAINST GERMS.

### PURELL Instant Hand Sanitizer

America's #1 instant hand sanitizer. Kills 99.99% of most common germs that may cause illness. Works in as little as 15 seconds. No water or towels needed. Specially formulated with moisturizers to leave hands feeling soft and refreshed. Alcohol-based.

## Helping our military stay healthy and mission-ready

Today's military faces many challenges in maintaining health and mission readiness. With field conditions that aren't exactly optimal, poor personal hygiene and field sanitation may result in illness and disease, which can impact a unit's ability to perform their mission.

## PURELL Instant Hand Sanitizer FST™ Military Bottle

Stay healthy and mission-ready with PURELL Instant Hand Sanitizer in the PURELL FST™ Military Bottle — now with biobased content.\* Special side grips for easy one-handed dispensing. Flexible, lightweight design fits in pockets or pouches. Built tough enough for military use. Low infrared signature for night (NVG) operations. Alcohol-based.

## PURELL Cleansing & Sanitizing Towel

America's #1 hand sanitizer in a large, durable antibacterial towel designed to look and feel like standard military equipment. The PURELL Cleansing & Sanitizing Towel is the new standard in personal hygiene packaging for military personnel. Cleanses, sanitizes and refreshes hands, even in the harshest, most remote environments. Designed for use in both tactical and non-tactical environments. Each pack contains 10 large (10x10.25 inch) towels in a re-sealable zipper pouch.

For more information on how to implement a military program, go to <http://www.military.GOJO.com>.

# One touch...

# and SUDDENLY

## the germs are spreading.

### PURELL® Program for Workplace Wellness\*

#### Are you prepared for an illness outbreak?

Most germs are spread by hands; hands carry germs throughout the office. With one touch, germs may spread to co-workers and common work surfaces.

#### The average desk harbors over 10 million germs.<sup>1</sup>

Germs are often found where employees spend most of their time — the desktop. Busy people don't have time to wash their hands frequently, so the result may be the spread of germs that may cause illness, absenteeism and lost productivity. The CDC and the U.S. Department of Health and Human Services recommend the use of instant hand sanitizers when you can't get to soap and water.

## 8 Put PURELL to work!

Help stop the spread of germs with the PURELL Program for Workplace Wellness.

**PURELL, America's #1 instant hand sanitizer**  
PURELL kills 99.99% of most common germs that may make you sick. It's the brand people know and trust.

**PURELL on the desktop...where the germs are**  
The PURELL Pal or PURELL Desk Caddy on every desktop is a daily reminder to fight germs regularly. Each kit includes an 8 fl oz bottle of PURELL, a PURELL Pal or PURELL Desk Caddy and an educational brochure.

# EDUCATION

## Champion a Healthier Learning Environment

The GOJO Hand Hygiene Program for Schools helps reduce the spread of germs while emphasizing the importance of hand hygiene. Illness is responsible for 144 million lost school days per year, robbing students of learning time. This lost learning opportunity can impact student achievement.

Hand hygiene is essential to a healthy learning environment. According to the U.S. Centers for Disease Control and Prevention, hand hygiene is one of the most important steps in preventing illness. While hand hygiene is vital to success, it is difficult to achieve with all the demands of a busy school day.

The GOJO Hand Hygiene Program for Schools makes hand hygiene as easy as 1, 2, 3. We provide products, systems and education that encourage students to practice hand hygiene.

For more information on how to implement a complete hand hygiene program and create a healthy learning environment, visit <http://education.GOJO.com>.

## Do right by your members; do well for your club.

In health clubs, cleanliness impacts member retention. A survey by the International Health, Racquet and Sports Club Association (IHRSA) showed that 53% of members who quit and joined other clubs did so because they perceived that facility was not clean.<sup>1</sup> The GOJO® Health and Fitness Program can have a huge impact on perception of club cleanliness.

The program includes PURELL, America's #1 instant hand sanitizer. Germs matter to members. In a recent survey, 41% of members said they are concerned about the spread of germs.<sup>2</sup> PURELL is a valuable ally in the fight against germs and provides clubs a visible show of their commitment to member well-being. GOJO now offers the power of PURELL in a convenient 700-count wipe.

Also in the Health and Fitness program is GOJO Luxury Foam Hair & Body Wash, an all-in-one formula that can be used in the shower or at the sink. Members love the thick lather. Facilities managers love that it rinses clean, with no soap scum or residue to clean later. GOJO Crème Hair Conditioner provides a shower experience that enhances your club's image and leaves hair feeling soft and moisturized.

Investing in quality gym amenities is not only the right thing for your members, it's good business.

<sup>1</sup> IHRSA Study "Why People Quit," 1998

<sup>2</sup> Results based on a nationwide online survey of 600 fitness club members conducted in June 2008.

# MICRELL®

## Reduce the risk of cross-contamination.

In the foodservice industry, reducing the risk of foodborne illness is a constant challenge. Employees need to wash their hands frequently to help prevent the spread of germs. MICRELL brand products are part of a complete hand hygiene regimen that includes hand sanitizing and hand moisturizing for maximum results.

# FOOD SERVICE

## MICRELL® Antibacterial Foam Handwash

Soft, rich pre-lathered foam formula with quick-acting antimicrobial ingredient (PCMX) is gentle on hands, even with repeated use. Effective degreasing agent. Kills the most common bacteria that may cause illness in foodservice environments. Dermatologist tested. Pleasant floral fragrance.

5357-02	5157-03	5757-04

\*See page 21 for optional 535 mL Pump Bottle Bracket.

## Make hand hygiene a priority:

## MICRELL Antibacterial Lotion Soap

MICRELL is specially formulated with a quick-acting antimicrobial agent (PCMX) to kill germs, a light scent and an effective degreasing agent that makes it perfect for foodservice environments. Its non-irritating formula also makes MICRELL ideal for frequent use in a variety of settings, including schools, health clubs, offices and recreation areas.

## Commitment to food safety keeps customers coming back

In foodservice, when it comes to germs and appearance, customer perception is reality. If restaurant patrons think there's a germ issue in front of the house, chances are they'll assume there's one in the back of the house, too.

PURELL® OUT FRONT™ is a program that creates a lasting – and positive – impression on guests by offering them PURELL, America's #1 instant hand sanitizer. It's the brand they know and trust to kill 99.99% of most common germs that may cause illness.

A wide range of product options are available to get PURELL where it's needed and will be used. Hostess stations. Tabletops. Drive-thrus. Play areas. Even a personal system for staff to wear and use.

For more information on the program, visit <http://www.foodservice.GOJO.com>.

PURELL is a trademark of Johnson & Johnson and is used under license

# PROVON<sup>®</sup>

## Skin Care Solutions for Healthcare.

Healthcare institutions face more challenges than ever: smaller workforces, financial pressures and consumers who can make more informed choices. With a full line of gentle and effective products to help keep skin clean, smooth and healthy, PROVON helps healthcare professionals meet these challenges, while improving the quality of care.

PROVON simplifies time-intensive tasks like patient bathing and incontinent care through improved formulations and convenient dispensing options. We help doctors, nurses and aides with their daily routines through our highly acclaimed in-service training and education programs. Our goal – improve the health and well-being of patients and the people who care for them.

## The PROVON® Advantage: Clinically proven skin care products.

PROVON offers a complete skin care regimen that includes handwashing, moisturizing, perineal care and bathing products. These proven skin care products meet the healthcare industry's standards and requirements and help keep staff, patients' and residents' skin clean and healthy.

PROVON brand products are dermatologist-tested and specially formulated to help keep skin healthy. PROVON handwashing products are effective, yet mild and gentle, to help support hand hygiene compliance initiatives.

The most comprehensive line of skin care products on the market.

## PROVON Skin Moisturizer with Aloe & Vitamins

A lightweight, non-greasy moisturizer enriched with emollients for everyday use on both hands and body. Helps keep skin feeling moisturized, conditioned and healthy; helps prevent drying and cracking. Rubs in quickly. Does not adversely affect the integrity of latex gloves or the efficacy of CHG. Suitable for caregivers, patients and staff. Dermatologist tested. Light herbal fragrance.

8 fl oz Squeeze Bottle	4 fl oz Squeeze Bottle
4252-24	4251-24

See pages 46-61 for dispensers & accessories.

**Alert:** Open reservoir soap dispensers pose an unnecessary health risk to users, a risk that can be eliminated using GOJO® SANITARY SEALED™ systems.

# All the tools and support you need to help build hand hygiene compliance.

Hand hygiene plays a key role in reducing the spread of healthcare-associated infections. Getting the right products in place to facilitate hand hygiene is essential. Getting staff to follow hand hygiene protocol is critical. GOJO® offers a variety of programs to build hand hygiene compliance.

## ULTIMATE™ HAND HYGIENE PLAN

A multi-modal program, containing a menu of program choices, that provides a step-by-step process for attaining a complete and customizable hand hygiene solution that builds compliance from all points of view.

## PURELL® PORTAL™ Program

A comprehensive hand hygiene program that helps to maximize compliance by targeting three critical areas: product preference, product placement, and product accessibility.

## Self-Study Continuing Education 2.0 Contact Hours

Programs aimed at improving hand hygiene for healthcare professionals. *HAI prevention: The power is in your hands* is a review of evidence-based recommendations for hand hygiene and prevention of healthcare-associated infections (HAI).

## "Continue the Care" Hospital Admission/Discharge Program

A hand hygiene wellness program designed as a tangible way for hospitals to show commitment to community health and well-being.

## The Way Skin Stays Healthy In-Service Educational Program

A comprehensive, video-based training program that demonstrates procedures for proper hand hygiene and skin care.

## PURELL and PROVON Hand Hygiene Desk Reference

A convenient first stop for developing hand hygiene policy and training materials. This CD contains hand hygiene specific regulatory and pathogen information in a user-friendly format.

## Compliance Building Signs

Posters and signage with relevant messaging to help build hand hygiene compliance within healthcare facilities.

## Dispenser Installation Program

Provides PURELL and PROVON dispenser options and placement recommendations to help maximize hand hygiene compliance within your medical facility.

# GOJO® —

it's all about **clean,**  
**healthy** skin.

It's not just about getting hands clean.

It's about keeping skin healthy.

Changing the lives of workers who thought soiled-looking, work-worn hands were part of the job. Taking preventative measures to reduce the occurrence of occupational dermatitis to help keep workers healthy and on the job. Or simply improving the perception of quality in a facility by offering a more pleasant handwashing experience. From the introduction of our first waterless hand cleaner 63 years ago to our new spa-quality luxury foam cleansers, body wash and shampoo, GOJO brand products have consistently delivered high-quality solutions to help keep skin clean and healthy.

GOJO® offers a complete line of general and antibacterial handwashing formulas including foaming soaps, medium- and heavy-duty hand cleaners, specialized cleaners, wipes, shower soaps, hand lotions, skin conditioners and protective gloves.

GOJO quality formulations cover a wide array of hand cleaning and skin care needs. You'll find our extensive product offering in manufacturing plants, automotive repair shops, public washrooms, schools, health clubs, food processing facilities and more. We can help improve skin care in your facility by tailoring a program to meet your needs.

# Hand Soap (Non-Antimicrobial)

From our new luxury foam soap to lotion soaps and economical, general-purpose hand cleansers, GOJO offers hand soap in a multitude of formulas, fragrances and delivery systems to meet most any need.

# MANUFACTURING

## Improve skin condition with GOJO®.

A study conducted at a fiberglass manufacturing facility showed a significant change in the skin condition of workers using the GOJO Skin Care Program over those not using it.<sup>1</sup>

The comprehensive skin care program used in the study included:

- Site surveys and analyses
- A training program
- The use of GOJO products such as GOJO MULTI GREEN® Hand Cleaner (a medium duty industrial cleanser) and GOJO HAND MEDIC® Professional Skin Conditioner

### 38 The bottom line?

To combat contact dermatitis, a complete skin care regimen offers a winning combination of effective solutions.

<sup>1</sup> Arbogast JW, Fendler EJ, Hammond BS, Cartner TJ, Dolan MD, Ali Y, Maibach HI. Effectiveness of a Hand Care Regimen with Moisturizer in Manufacturing Facilities Where Workers Are Prone to Occupational Irritant Dermatitis. *Dermatitis*, Vol. 15, No. 1 (March), 2004: pp 10-17.

## Dramatic results in 14 days.

Case studies confirm consistently dramatic results – in two weeks or less. Groups of industrial workers used GOJO® SKIN CARE SOLUTIONS™ – while groups of co-workers cared for their skin as they always had.

### Workers felt it.

Workers following the GOJO program, including training and recommended skin care practices, could see and feel the difference in their own skin. After using GOJO SKIN CARE SOLUTIONS 71% of workers rated their skin as “good,” while only 5% of the control group did so.

### Data proved it.

GOJO used scientific instruments to measure skin hydration, the amount of moisture in the outer layers of the skin, which helps to keep skin intact and prevent cracking. This confirmed that workers using GOJO SKIN CARE SOLUTIONS had significantly better skin condition than the control group.

GOJO REGIMEN

CONTROL GROUP

GOJO has conducted outcome studies in many industries, including:

- Metalworking facilities
- Oil refineries
- Fiberglass plants

# Moisturizing

Keeping skin healthy and well-conditioned is easy with dermatologist-tested GOJO® brand hand lotions and skin conditioners.

## GOJO HAND MEDIC® Professional Skin Conditioner

Specifically formulated for professional technicians for use in their work environments. Quickly absorbs, with no greasy after-feel. Use before work, after handwashing and at night to help maintain the skin's natural protective barrier. Silicone and fragrance-free.

## The Science of Skin Care

GOJO knows how to help prevent irritant contact dermatitis. We've conducted decades of research in different occupational settings on product formulations and worker needs and behaviors worldwide. The result is GOJO® SKIN CARE SOLUTIONS™, a comprehensive skin care program designed to improve skin condition, a critical part of reducing worker risk for illness and cutting related employer costs.

The GOJO Skin Care Learning Center is a state-of-the-art facility where worker skin health is measured and evaluated using advanced scientific instrumentation. Integrating research from our Skin Care Learning Center, with workplace experience and insights, makes GOJO SKIN CARE SOLUTIONS highly effective.

For more information about the Skin Care Learning Center, including easily accessible research outcomes, tools and study summaries, visit the GOJO Manufacturing web site at <http://manufacturing.GOJO.com>.

# FMX™ Foam Soap Systems

## Combining Luxury and Convenience

People are excited about foam soaps. They find the smooth, creamy feel very appealing – and enjoy the convenience and luxury. GOJO is leading the way in commercial applications with a superior line of luxury foam soap formulas, proprietary FMX foam soap dispensers and SANITARY SEALED™ refills.

FMX dispensers are available in two sizes:

### FMX-20™

- Holds a 2000 mL refill in a remarkably small footprint
- Great for high-traffic areas
- Features skylight with an extra-large site window
- ADA compliant, one-hand push operation
- Available in black or gray
- Optional key lock included

5255

### FMX-12™

### FMX-12™

- Holds a 1250 mL refill in a remarkably small footprint
- Great for locations where a smaller, more traditional dispenser is preferred
- Features skylight with an extra-large site window
- ADA compliant, one-hand push operation
- Available in black or gray
- Optional key lock included

5160

5120

### PURELL® FMX-12

- Holds a 1200 mL refill in a remarkably small footprint
- Great for hallway placement and locations where a smaller dispenser is preferred
- Features skylight with an extra-large site window
- ADA depth and push compliant
- Optional key lock included
- SHIELD™ Floor and Wall Protector accessory available. Sold separately.

FMX dispensers offer durable construction, easy-to-load refills and a skylight to illuminate the product inside so that it's easy to see through the extra-large site window. An optional key lock is included for additional security.

# NXT<sup>®</sup> Dispensing Systems

## Balancing Capacity and Space

Traditional  
Bag-in-Box  
Technology

GOJO<sup>®</sup>  
NXT  
Technology

Durable, high performance systems that optimize space utilization. Twice as much product fits in the same space as used by traditional bag-in-box dispensing systems. A variety of dispensing options are available.

### NXT SPACE SAVER™ Dispenser

- Much smaller footprint than traditional 800 mL dispensers, yet holds 1000 mL of product
- Compact design integrates into most every décor
- ADA depth and push compliant
- Ideal for applications with limited wall space or where décor or usage levels demand smaller dispensers

### NXT MAXIMUM CAPACITY™ Dispenser

- Holds 2000 mL of product – twice the capacity of traditional dispensers of similar size
- Helps ensure that employees, guests and tenants will not run out of product
- Requires refilling half as often, saving time and money
- Ideal for high-traffic, high-volume locations where frequent servicing is difficult or impractical
- ADA compliant, one-hand push operation

### NXT SIDE-BY-SIDE™ Dispenser

- Holds two 1000 mL refills
- Encourages total skin care regimen with any combination of cleanser, sanitizer or moisturizer
- Create whatever combination of products to best meet your needs:
  - Two refills of the same product for high-traffic locations
  - Two different products such as soap and hand sanitizer, hand sanitizer and skin lotion, or antimicrobial and general-purpose soap
- On-site product labeling system, included with dispensers, identifies contents on each side
- ADA compliant, one-hand push operation

# GOJO® Dispenser Accessories

GOJO dispenser accessories are designed to increase versatility and convenience to product installations. Add value to your dispensing experience with these innovative options.

2101

**AT-A-GLANCE™  
Service REFILL ALERT™**

2101-24

## AT-A-GLANCE™ Service REFILL ALERT™

Help maintain your dispensing system with AT-A-GLANCE Service REFILL ALERT. Developed for NXT® and FMX™ series dispensing systems. Flag in down position indicates the dispenser is equipped with product; flag is up to indicate that the dispenser needs to be refilled.

5201

## Utility Shelf (for FMX-20™ only)

Sturdy, convenient Utility Shelf allows for safe, accessible placement of personal items or toiletries. Modular design snaps onto dispenser to fit left or right orientation; shelf must be fitted prior to installation. Available for GOJO® or PROVON® dispensers.

Utility Shelf

5201-06

2190

**TRUE FIT™  
Wall Plate**

2190-24

## TRUE FIT™ Wall Plate

TRUE FIT Wall Plate helps eliminate the need to repaint or wallpaper surface areas prior to new dispenser installations. Includes Universal Backplate pattern for simplified dispenser mounting. Compatible with NXT, and FMX dispensing platforms. Simple and easy to install.

5109

## SIGNOL™ Handwash Counter

Are your employees following good hand hygiene practices? You can depend on the SIGNOL Electronic Handwash Counter to help you monitor the frequency of hand hygiene events. SIGNOL may also be used to prompt proper handwash duration. An optional audio timer beeps once when users dispense soap, then twice when they've washed for 20 seconds – the time recommended by experts to effectively kill germs. Protect your work environment by keeping an eye on hand hygiene practices with SIGNOL!

**SIGNOL Handwash  
Counter (FMX)**

5109-01

*\* Not for use with PURELL®  
FMX 5120-06 dispenser.*

2145

2760

2762

2761

5145

## SHIELD™ Floor and Wall Protector

SHIELD Floor and Wall Protectors help maintain wall and floor appearance by attaching to the bottom of system dispensers. Protects floor, wall and countertop. ADA-compliant; simple and easy to install. Works with previously installed systems.

# Traditional-Style Bag-in-Box Systems

While most customers prefer either our FMX™ Foaming System or our high-capacity NXT® Systems, GOJO® produces a full line of traditional Bag-in-Box dispensers. All systems offer the high quality and performance you expect from GOJO.

## 1000 Series Bag-in-Box

- 1000 mL Bag-in-Box system
- Portion control, SANITARY SEALED™ refills
- ADA compliant for push force

## 800 Series Bag-in-Box

- 800 mL Bag-in-Box system
- Portion control, SANITARY SEALED refills
- ADA compliant for push force

## GEMINI® Dual Cartridge Bag-in-Box

- “Never-empty” dispenser holds two 500 mL cartridges
- When one refill is empty, user switches to a new cartridge
- Portion control, SANITARY SEALED refills
- ADA compliant for push force

*A refill that fits most  
800 mL dispensers*

This unique GOJO dispensing nozzle, available on all GOJO 800 mL Bag-in-Box refills, makes it easy to enjoy the benefit of high-quality GOJO formulas without conducting a dispenser change-out. The refills fit most standard 800 mL Bag-in-Box dispensers.\* Get the performance of GOJO formulas, even if you aren't yet enjoying the benefits of GOJO dispensers!

**\*Alert:** Open refillable reservoir dispensers are susceptible to microbial contamination even when using antimicrobial soaps. Ideally, liquid products should be dispensed from closed, SANITARY SEALED™ refills. Open refillable reservoir dispensers should be washed and sanitized before refilling. Soap should not be added to a partially empty dispenser as this practice of “topping off” may lead to bacterial contamination of soap and compromise the beneficial effect of hand cleaning.

## Give Us Your Feedback!

Are you finding what you are looking for? How else can we help you? Please take a moment to provide comments on your experience with the GOJO Product Catalog.

1. Were you able to quickly and easily find what you were looking for?

☐ Yes ☐ No

Comments:
