Why Choose Clean on the Go®?

Affordable Dispensers and Low In-Cost Products
Create instant bottom line savings in actual dollars, time and labor.

One Dispenser Does the Work of Many
Simply remove one product and insert a different product as required.

Environmentally Preferred
Reduced handling, less storage space and less solid waste disposal, environmentally preferred product alternatives.

Versatile Dispensing
Low flow dispenser for filling trigger spray bottles. High flow with locking button for filling mop buckets and auto scrubbers.

Convenient and Mobile
Products can be used with wall-mounted dispenser or PDS® Portable Dispensing System.

Easy to Train Staff
Product color, container labeling and trigger spray bottles are numbered and color matched. Trilingual labels and icons for those who do not read or speak English.

Accurate Dispensing
Ensures accurately measured, fresh product with the press of a button. No guesswork. No employee confusion. No waste.

Employee Safety
Custom fit mating cap and cartridge insert help prevent spills and minimize possibility of contact with chemicals.

Simplifies Plumbing Regulations
- E-Gap eductor is widely recognized as a reliable means for preventing back flow contamination, per ASSE 1055B
- Air gap eductor complies with American National Standards Institute ANSI A 112.1.2 and ASSE 1055B.
