

High Purity Solar Softener Salt

Diamond Crystal® Extra Coarse Solar Salt

Our high purity water softener salt contains up to 99.6% pure salt. Evaporated naturally by the sun and wind, these solar crystals have a white, opaque appearance and a low insoluble content. They are also formulated to resist mashing and bridging, minimizing the accumulation of brine tank residue.

- Now... poly bags made of 50% recycled material
- NSF certified, this salt is recommended for side-by-side softeners

Extra Coarse Solar Salt
