# ENAMEL PAINTS

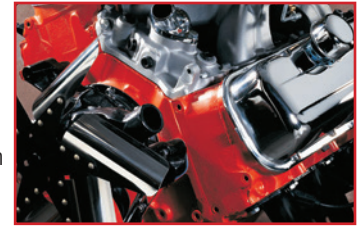

**→ OCAP**

**OFFERING STATE-OF-THE-ART CORROSION PROTECTION**, these rust-preventative acrylic alkyd enamel paints provide excellent gloss and colour retention, superior durability and one-coat coverage. Unlike other brands, Rust Tough® can be applied direct-to-metal without a primer coating. Save time and save money with Rust Tough!

**DUPLI-COLOR® ENGINE METAL WITH CERAMIC**

Both Engine Enamel and High Heat Paint formulas contain ceramic resins for maximum heat dissipation and gloss retention. The resins also offer protection from exposure to excessive heat and automotive fluids. Developed and tested in the lab, Dupli-Color® Engine and High Heat Paints will perform to the most rigorous standards.

- Resists temperatures up to 260° C
- Durable ceramic formulation
- Superior high gloss finishes
- Oil and gas resistant
- Will not blister, flake, crack or peel
- 36 colours matched to OEM standards
- 6 Classic Colours, 7 Hot Rod Colours
- EZ Touch Nozzle

**454 g Aerosol Cans (340 g net wt.) Case Pack: 6**

**INDUSTRIAL**

*Note: Equipped with standard valve*

**A VARIETY OF INDUSTRY-PROVEN FORMULATIONS** that assure that every paint maintenance requirement is covered. These paints offer an economical solution where long-term quality and durability are not required. Use for small or large touch-up or marking projects.

### MAINTENANCE CHOICE™ ENAMEL

**More than one choice for the Industrial MRO user!** Introducing 15 additional valuable colors for all your quality industrial needs. Now comes with the EZ Touch® Fanspray® nozzle. This patented valve sprays in horizontal or vertical pattern and requires 50% less finger pressure than any other valve. We work harder so you don't have to.

- EZ Touch® Fanspray® nozzle
- High paint solids formula for hide
- Excellent gloss retention
- Fast drying
- Interior/Exterior use

Uses: For interior/ exterior use on metal, motors, tools, safety markings, handrails, tool boxes, machinery, and any light to medium industrial application.
