Superior Hygiene and Sanitation Solutions
for your entire processing facility
Since 1995, Best Sanitizers has been providing the food processing industry with the highest quality products and support available. We were the first company to achieve an E3 rating for an alcohol-based hand sanitizer, the first to achieve a D2 rating for an alcohol/quat-based surface sanitizer, and we continue to explore and innovate new and better ways to deliver hand and surface hygiene solutions. Our stringent practices and policies ensure that our products do what they say they’ll do... so you can use them with confidence.

- First company to achieve E3 rating for an alcohol-based hand sanitizer
- First company to achieve D2 rating for an alcohol/quat-based surface sanitizer
- cGMP, FDA and EPA/FIFRA compliant factory
- Highest QA and QC standards and practices
The Original
No-Rinse, Alcohol/Quat Sanitizer
Disinfectant for Food Contact Surfaces.

Alpet® D2 is ideal for water sensitive equipment, highly evaporative, non-corrosive and fast-acting. Alpet D2 sanitizes in 60 seconds and disinfects in 5 minutes. With an NSF registered D2 classification, this one-of-a-kind product is powerful enough to kill Norovirus, yet safe enough to use on food-contact surfaces without a rinse.

- Ready-to-use, no-rinse, safe for food contact surfaces
- 58% IPA/quat formula
- Kills 99.999% of 15 tested pathogens
- 60 seconds to sanitize, 5 minutes to disinfect
- Highly evaporative/ideal for water sensitive equipment and low-moisture areas • Non-corrosive
- NSF registered D2 classification/EPA registered
- Kosher certified and Pareve
- Proven rubber glove and rubber boot sanitizer

Efficacy:
- Enterococcus faecium VRE
- Influenza A
- Cronobacter sakazakii
- Listeria monocytogenes
- Escherichia coli
- Mycobacterium bovis (BCG)
- Escherichia coli O157:H7
- Norovirus (a.k.a. Norwalk Virus)
- Hepatitis B (HBV)
- Pseudomonas aeruginosa
- HIV-1
- Salmonella choleraesuis
- Staphylococcus aureus MRSA
- Vibrio cholerae

Ideal For Use in Food Processing, Food Service and Retail Environments.

Alpet® D2 Surface Sanitizing Wipes are a durable, ready-to-use, no-rinse, lintless wiping system. Able to clean and sanitize, Alpet D2 Surface Sanitizing Wipes are available as a 90 count heavy-duty wipe or a 160 count medium-duty wipe. As with all Best Sanitizers wiping systems, the spring-loaded lid closes on its own to prevent the wipes from drying, which helps eliminate unnecessary waste.

- Kills 99.999% of Staphylococcus aureas ATCC 6538 and Escherichia coli ATCC 11299 in 60 seconds
- 58% IPA/quat formula ideal for water sensitive equipment
- Ready-to-use, no-rinse, safe for food contact surfaces
- Lintless wipes
- Spring-loaded lid to prevent drying
- Kosher certified and Pareve

Why Hand Washing Alone Isn't Enough:

The graphic at the right shows the areas most often missed with inadequate, or "simple" hand washing. Our Alpet® E3 Plus Hand Sanitizer Spray (previous page) is atomized to saturate and kill germs where they hide: under fingernails, under cuticles and in the creases and crevices of fingers and hands.

The original alcohol based hand sanitizer spray for food industry professionals. Alpet® E3 requires no rinsing or toweling prior to direct contact with food. Tested effective against Salmonella Typhi and Staphylococcus Aureus.

- Meets all FDA (GRAS) and USDA requirements for food handling
- Atomized spray saturates nails and cuticles
- Meets USDA E3 requirements
- Kosher certified and Pareve
- 76% Isopropyl formula

### Dispensing Options

**BSI Industrial Dispenser Series**

**Gallon Wall Bracket**

Its simple design and stainless steel construction makes clean up a breeze.

**1-2 Knockout Wrist-Activated Dispenser**

Wall mountable, stainless steel construction. For use in wet or dry environments.

**EZ-Step Wall-Mounted Foot-Activated Dispenser**

This durable hands-free, foot-activated unit can dispense any of our one gallon bottles of soap or sanitizer.

**EZ-Step Portable Foot-Activated Dispenser**

Our most popular industrial dispensing system within the food processing industry. *For use with hand sanitizer spray only.*

**Champion Multi-Line Dispensing System**

The Champion is a touchless, automatic, multi-line dispensing system designed to dispense our liquid soaps or sanitizer sprays. The Champion uses a 2-Gallon capacity reservoir and can accommodate from 1 to 5 dispensers.

**Prizefighter Dispensing System**

The Prizefighter is a touchless, automatic, dispenser, constructed of stainless steel and ideal for use in wet or dry environments. Infrared sensors detect the presence of hands and dispense a premeasured application of our liquid soaps or sanitizer sprays. Uses a 3000 mL capacity reservoir.

Both our HACCP SmartStep™ and HACCP Defender™ reduce pathogens from footwear by applying an atomized mist of Alpet® D2 Surface Sanitizer to footwear soles. Ideal for food processing facilities, nutraceutical plants, pharmaceutical plants, clinical research labs and clean rooms, where reducing pathogens and controlling moisture is critical.

**HACCP SmartStep™ Footwear Sanitizing System**

This foot-operated unit uses compressed air to deliver an atomized mist of Alpet® D2 Surface Sanitizer onto footwear soles. This mist provides ample coverage to footwear soles, yet uses only 0.2 ounces of chemical which minimizes chemical waste and improves moisture control. The reduced footprint means you can place multiple units throughout the facility.

**HACCP Defender™ Low-Moisture, Walk-Through, Automatic Footwear Sanitizing Station**

The HACCP Defender is a heavy-duty footwear sanitizing station designed for facilities that require optimal throughput. Utilizing the proven efficacy of Alpet® D2 Surface Sanitizer, facilities now have a powerful tool for controlling moisture, pathogens and cross-contamination.

**Item # | Product Description**
---|---
ADB0001 | HACCP Defender Footwear Sanitizing Station

As a trusted provider of superior hand hygiene and surface sanitizing products, Best Sanitizers is expanding its product line to include these high quality industrial cleaners for your entire facility.

### BSI-100
**RTU All-Purpose Hard Surface Cleaner**  
Ready-to-use hard surface cleaner. Very effective on greasy surfaces, leaves no smeary residue, and has a fresh, lemon fragrance.  
*Configurations: 1 gallon, 5 gallon, 55 gallon*

### BSI-101
**Pine Oil Floor and Hard Surface Cleaner**  
Floor and hard surface cleaner containing pine oil. Removes tough grease and dirt and has a fresh, pine fragrance.  
*Configurations: 1 gallon, 5 gallon, 55 gallon*

### BSI-102
**Glass Cleaner**  
Non-streaking and highly evaporative glass cleaner. Requires dilution prior to use. Does not contain ammonia.  
*Configurations: 1 gallon, 5 gallon, 55 gallon*

### BSI-103
**RTU Bathroom Cleaner**  
Ready-to-use bathroom cleaner. Recommended for cleaning showers, sinks, drinking fountains, faucets, etc. Effectively removes soap scum and film build-up.  
*Configurations: 1 gallon, 5 gallon, 55 gallon*

### BSI-104
**RTU Bowl Bright**  
Ready-to-use toilet bowl and urinal cleaner. Effectively removes hard water deposits and rust.  
*Configurations: 1 gallon, 5 gallon, 55 gallon*

### Chemical Color Codes
- **Blue**: General cleaners, neutral pH, safe on soft metals  
- **Red**: Acid based cleaners for inorganic soils, low pH, use only on stainless steel or aluminum  
- **Green**: Alkaline based cleaners for organic soils, high pH, use only on stainless steel and black iron

BSI-200  
**Aluminum-Safe High-Foaming Chlorinated Cleaner**  
High-foaming, chlorinated cleaner designed for safe use on aluminum surfaces. Powerful cleaner for smoke residues, animal fats and oils, and surface oils.  
*Configurations: 1 gallon, 5 gallon, 55 gallon, 275 gallon*

BSI-225  
**High-Foaming All-Purpose Neutral Cleaner**  
High-foaming, all-purpose cleaner and degreaser which contains no phosphates. Can be used as a base concentrate by adding acid or alkaline boosters.  
*Configurations: 1 gallon, 5 gallon, 55 gallon, 275 gallon*

BSI-250  
**High-Foaming All-Purpose Alkaline Cleaner**  
High-foaming, all-purpose cleaner and degreaser. May be applied by brush or with foaming units on equipment, utensils, walls, and floors in all departments of meat, poultry, and general food processing plants.  
*Configurations: 1 gallon, 5 gallon, 55 gallon, 275 gallon*

### Chemical Color Codes

- **General cleaners, neutral pH, safe on soft metals**
- **Acid based cleaners for inorganic soils, low pH, use only on stainless steel or aluminum**
- **Alkaline based cleaners for organic soils, high pH, use only on stainless steel and black iron**

*See pages 16 - 18 for dispensing options & accessories.*
BSI-400  
**High-Foaming Acid Cleaner**  
High-foaming, heavy-duty liquid cleaner ideal for rapid soil attack and easy rinsing.  
*Configurations: 1 gallon, 5 gallon, 55 gallon, 275 gallon*

BSI-500  
**High-Foaming Heavy-Duty Caustic Cleaner**  
High-foaming, heavy-duty caustic cleaner and degreaser. Contains powerful mixture of surfactants and chelating agents for use in difficult cleaning applications.  
*Configurations: 1 gallon, 5 gallon, 55 gallon, 275 gallon*

BSI-525  
**High-Foaming Chlorinated Cleaner**  
High-foaming, all-purpose liquid detergent which combines surface-active agents with the power of alkalinity and chlorine bleach. Contains sequestering and chelating additives for effective performance in hard water conditions.  
*Configurations: 1 gallon, 5 gallon, 55 gallon, 275 gallon*

---

**BSI-550 Heavy-Duty CIP Cleaner**  
Non-foaming, liquid alkaline cleaner. Contains a powerful blend of caustic and sequestering agents. Designed to be used as a heavy duty CIP cleaner and features outstanding performance on hard-to-remove fat soils. Especially suited for rendering operations.  
*Configurations: 1 gallon, 5 gallon, 55 gallon, 275 gallon*

---

See pages 16 - 18 for dispensing options & accessories.  
888.225.3267 X126  |  www.bestsanitizers.com
**Alpet® 70/30**  
**RTU Industrial Cleaner**  
Ready-to-use cleaner for the entire facility. Highly-evaporative and requires no rinsing. USP grade, Kosher certified isopropanol. De-ionized, purified water. Submicron filtered.  
*Configurations: 50 gallon*

**Dry Step**  
**Sodium Percarbonate Floor Treatment**  
The formula for Dry Step Sodium Percarbonate is the first that combines alkalinity and multiple oxidizing compounds for superior performance. Surfactants ensure that this product will penetrate into all cracks, crevices, and porous surfaces where conventional floor treatments do not.  
*Configurations: 100 pound, 400 pound*

**Dry Step**  
**Bicarb Fine Floor Treatment**  
Fine-granulated floor treatment used to prevent slipping on production floors in meat, poultry, dairy, and general processing plants. Contains sodium bicarbonate and cationic quaternary ammonia surfactant which make it an effective odor control agent.  
*Configurations: 50 pound, 400 pound*

**Dry Step**  
**Bicarb Granulated Floor Treatment**  
Granulated floor treatment used to prevent slipping on production floors in meat, poultry, dairy, and general processing plants. Due to its granulated form, product produces less dust than traditional powdered floor treatments and dissolves more slowly on wet floors.  
*Configurations: 50 pound, 400 pound*

Proportioning & Dispensing Equipment

Foamer w/ Gauges
This foamer with gauges is a medium volume foam applicator for projecting foaming chemicals on to any surface up close or at a distance.

Spray-All
Water-driven, medium volume spray applicator for applying chemical solutions to a variety of surfaces.

1-Way Push Lever Mixing Station
Chemical proportioner for accurately diluting a chemical concentrate to the required ratio and filling any sized container with diluted, ready-to-use chemical solution.

3 Gallon Pump-Up Sprayer
Heavy-duty, portable, 3 gallon spray applicator for applying ready-to-use chemicals on to any surface. Equipped with a compressed air “quick charge” valve to eliminate pumping.

3 Gallon Pump-Up Foamer
Heavy-duty, portable, 3 gallon pump-up foamer is equipped with a compressed air “quick charge” valve to eliminate pumping.

2 Liter Pump-Up Sprayer & Pump-Up Foamer
Maximum portability for small jobs and spot cleaning. Comfortable grip handle with trigger for quick on/off control. Pressure relief valve for safety. Viton seals for chemical compatibility. Natural color tank for easy visibility of product levels.

## Stainless Steel Racks, Sticks & Accessories

### 5 Gallon Pail Rack
- Heavy-duty, stainless steel, round, locking rack.

### 1 Gallon Wall Bracket
- Heavy-duty, stainless steel, bracket.

### Large Hose Rack
- Stainless steel, for 1" ID hoses up to 75'.

### Small Hose Rack
- Stainless steel, for 3/4" ID hoses up to 75'.

### Hose Strap
- Stainless steel, for 1/2" ID hoses up to 75'.

### Lid w/ Suction Tube
- Safe and convenient way to prevent spillage or cross-contamination.
  - 1 Gallon Bottle, 5 Gallon Pail

### Suction Strainer
- For use with USP20036 and USP20037.

### 48” Drum Stick
- Comes with a Hastelloy strainer, check valve, and a variety of hose barbs - Viton or EPDM.

### 48” Tote Stick
- Comes with a Hastelloy strainer, check valve, and a variety of hose barbs - Viton or EPDM.

### Check Valves for Proportioning Equipment
- Check Valve, Chemical, PP/Viton, 1/4”
- Check Valve, Air, SS/Viton, 1/4”
