How can Rubbermaid help you achieve even better standards in cleaning?

Cleaning for health is a vital task carrying great responsibility. The standard of cleaning will be scrutinised by healthcare managers and the need to perform to the highest level is ever-present. As a result, you need the best cleaning products available, products you can rely on to get the job done without any hassle.

Did you know?
Time is money. Rubbermaid’s range of advanced cleaning tools allows you to clean faster than ever before. Our internal testing has shown Rubbermaid’s Pulse Mop to be 50% faster than traditional mop and bucket. The Pulse allows the user to direct a jet of water (or chemical) on to the target area, maximising efficiency and reducing the need to regularly move the mop to a bucket.

Rubbermaid will help you…
- Enable daytime cleaning services to reduce costs and improve cleaners’ wellbeing.
- Provide healthy environments with the use of superior microfibre textiles.
- Offer ergonomic products to help your employees avoid injuries, strains and illnesses.
- Easier spot cleaning to help you keep your location in peak condition.

Rubbermaid’s complete cleaning systems help you equip your team for every cleaning situation, from general to high-risk areas:
- Damp mopping: choose between traditional and microfibre mops.
- Dusting: a complete range of microfibre mops and high level solutions.
- Surface cleaning: the different textiles will clean glass and chrome better and easier.
- Mop buckets: single and double buckets with highly efficient wringing systems.
- Disinfecting bucket for healthier environments.
- Large range of cleaning carts to improve productivity.

In addition to specialist cleaning equipment, Rubbermaid supplies a full range of cleaning solutions for hospitality environments, such as Housekeeping carts suited to every situation.
CLEANING FOR HEALTH
A complete system designed especially for high risk health environments.

SUPERIOR CLEANING FOR:
Superior INFECTION CONTROL

Dealing with germs has become a global problem. Nosocomial Infections or Hospital Acquired Infections have become a major issue for the healthcare sector in many countries.

IN EUROPE 6 TO 10% OF PATIENTS CONTRACT NOSOCOMIAL INFECTIONS.

SUPERIOR PRODUCTIVITY

European employers must ensure the health, safety and wellbeing of their employees; this applies both to cleaning people working in-house and cleaning contractors. They need to equip their teams with productive and efficient tools that support RSI (Repetitive Stress Injuries) and MSDs (Musculoskeletal Disorders) reduction for common benefits.

THE RUBBERMAID HYGEN™ MICROFIBRE SYSTEM IS
75% LIGHTER THAN TRADITIONAL CLEANING EQUIPMENT
Proven Performance
TO ENSURE HEALTHY, SAFE ENVIRONMENTS

- Superior microfibre textiles proven to remove microorganisms¹.
- Helps reduce cross-contamination².
- Withstands up to 1000 commercial launderings.
- Reduces chemical consumption up to 95% vs. traditional mopping.
- Reduces water consumption up to 90% vs. traditional mopping.
- Cleans floors more than 3 times faster than traditional string mop FGS3.
- Proven to reduce worker strain.
- Features legendary Rubbermaid durability.

Complete System
TO MAXIMISE productivity and value

- Dedicated Rubbermaid HYGEN™ training team.
- Detailed guidelines for approved cleaning procedures.
- Comprehensive on-site implementation and training.

Training & Support
TO DELIVER OPTIMAL RESULTS

PROVEN TO REMOVE OVER 99.9%
of MICRO ORGANISMS
(vs. 67% with standard string mops)³

---

¹ Always use cleaning chemicals or disinfectants as directed by your facility manager.
² When using colour coding.
Rubbermaid HYGEN™ System provides innovative solutions and proven superior performance for maintaining healthy, safe environments.

BEST Cleaning Performance after 200 Washes

BLEACH-Safe
IN HOT & COLD WATER
Certified to tolerate CDC hot and cold water laundering requirements.

CLEANS FLOORS
45% BETTER THAN STRING MOPS.

CLEAN FLOORS UP TO
20% FASTER THAN STRING MOPS

DOUBLE-SIDED DESIGN COVERS UP TO
45m²

Based on an independent laboratory test of the best microfibre mops on the market (2009).
Introducing a revolutionary floor cleaning system with an integrated water filter for generating:

- CLEANER WATER
- CLEANER MOPS
- CLEANER FLOORS

Cleans up to 1000m² with one bucket fill*

Cleans the Water
SO YOU CAN CLEAN YOUR FLOORS.

* Test conducted by British Institute of Cleaning Science
SMARTER CLEANING

The new Rubbermaid HYGEN™ Clean Water System features a Filter Bucket and Winger with built-in scrubbers to help loosen and remove debris from the mop. Twin rollers allow for optimised wringing efficiency, and an innovative filtering system processes dirty water into cleaner water with a simple tilt of the bucket.

**RINSE:**
Insert the mop into the bucket. Move the mop up and down to enable the built-in scrubbers to remove soil from the mop.

**WRING:**
Adjust the dial to select your desired level of moisture. Lift the mop so the yellow dot is aligned with the top of the roller. Standing in front of the bucket, press the handle down to wring the mop.

**TRANSFER:**
When the mop water gets dirty, rather than having to dump the water and refill the bucket, tilt the bucket 90 degrees by pressing the handle. This allows the dirty water to transfer to the filter chamber.

**FILTER:**
Once the water is completely transferred to the filter chamber, rotate the bucket back to its original position. In just a few minutes, cleaner, filtered water will be available in the mop chamber, ready for more mopping.

A Complete System.

The matched system of Filter Bucket, Double-Sided Folding Frame, Microfibre Flat Mops and Handle are compatible with all Rubbermaid janitor carts.
Rubbermaid Commercial Products is proud to be supporting WaterAid. WaterAid is an international non governmental organisation that uses practical and sustainable solutions to improve access to safe water, improved hygiene and sanitation in some of the world’s poorest communities. WaterAid currently works in 27 countries in Africa, Asia, the Pacific region and Central America.

Starting in June 2011, and continuing for a period of not less than three years, Rubbermaid Commercial Products will donate a minimum of 1% of the value of sales of the Hygen Clean Water System to WaterAid.

“We are so grateful to Rubbermaid for their ongoing support for our work through the HYGEN Clean Water System. Just £15 can enable one person to access safe water, improved hygiene and sanitation for life, and so the money that is being raised will help transform lives forever.”

Susie Kennedy, WaterAid
Filter Bucket with Wringer Combo
Integrated filter to generate cleaner water!
- Integrated filter improves productivity and reduces chemical/water waste.
- Back-flushable filter is easy to use and maintain.
- Built-in agitators remove more dirt from mops.
- Twin roller design optimises wringer efficiency.
- Adjustable roller wringer accommodates different mop thicknesses and desired moisture levels.
- Floor drain for easy and fast emptying.

Double-Sided Folding Mop Frame
Designed especially for Clean Water System Double-Sided Microfibre Mops.
- Easy to attach and detach mop.
- Light weight for enhanced ergonomics.
- To use with Rubbermaid Double-Sided mops.

* Based on internal testing
Rubbermaid HYGEN™ Microfibre Buckets

Rubbermaid HYGEN™ Microfibre Buckets complete a highly efficient flat mop cleaning system for healthcare and sanitary maintenance applications.

- Use with Rubbermaid HYGEN™ Microfibre Damp Mops and Quick-Connect tools for a continuous cleaning process.
- Easy-to-clean, lightweight non-porous plastic construction.
- Buckets work with all Rubbermaid HYGEN™ Microfibre Cleaning Carts.

Charging Bucket

- Reduces cross-contamination when a fresh mop is used for each room or area.
- All-plastic bucket holds 10–20 microfibre damp mops.
- Each mop holds enough liquid to clean up to 23 m²; fully loaded bucket (20 mops) can clean up to 450 m².
- Safe for use in MRI rooms.

Top Down Charging Bucket

- Sieve design enables users to effectively and ergonomically moisten mops.
- Holds up to 16 Double-Sided Microfibre mops (see page 54 for mop information).
- Reduces cross-contamination when a fresh mop is used for each room or area.
- Safe for use in MRI rooms.
- Best for use with Double-Sided Microfibre Mops.

Press Wring Bucket

- Use when flood cleaning or heavier liquid lay-down is desired.
- Press sieve provides easy, “no-touch” wringing.
- For use with microfiber flat mops up to 46 cm in length.
- Non-marking casters.
- Floor drain for fast emptying.
- Best for use with Single-Sided Microfibre Mops.

 USING THE TOP DOWN CHARGING BUCKET

1. Fold the mop in half with the face material inside. Place folded mop vertically inside the bucket.
2. Pour disinfectant over the hinged sieve to moisten the mops evenly.

Bucket design prevents over-saturation of microfibre mops and features a measuring guide for filling with cleaning and disinfecting solution before mops are added.

Unique, ribbed “washboard” surface removes dirt and debris from mops before wringing.
**Rubbermaid PULSE™ Microfibre Floor Cleaning System with Double-Sided Frame**

Cleans twice the area with the most productive floor cleaning system. This convenient tool makes dusting and wet mopping faster than ever before.

**2 JOBS, 1 TOOL**

Simply dust mop, flip, and damp mop—accomplish two tasks with only one tool!

**NEW! NOW AVAILABLE IN GREY!**

*The kit contains yellow Pulse. Can be replaced with grey Pulse under request.*

---

**ON-BOARD FLUID RESERVOIR**

On-board refillable reservoir holds enough solution to clean up to 80 m². Monitor fluid levels via handy reservoir windows.

**TRIGGER HANDLE**

Red ergonomic trigger handle dispenses three streams of cleaning solution with each press.

---

**DOUBLE-SIDED FOLDING FRAME**

Provides twice the coverage. (Also sold separately, see page 53)

**RUBBERMAID PULSE™ REFILL CADDY**

Capacity: 7.5 l

- Pack: 1

**1791677 Yellow Rubbermaid Pulse™ with Double-Sided Frame**

- 142.2 x 12.4 x 9.5 cm
- Pack: 1

---

*The kit contains yellow Pulse. Can be replaced with grey Pulse under request.*
NON-SLIP TIP
- When placed against a wall this tip helps prevent the handle from sliding and falling.

TRIGGER HANDLE
- Red trigger handle dispenses the cleaning solution.
- One-handed operation. Helps reducing RSI (Repetitive Stress Injuries).

EASY REFILL
- Fill the reservoir with cleaning solution. Reservoir window allow easy monitoring of fluid level.

AESTHETIC ON-BOARD FLUID RESERVOIR
- High-capacity refillable reservoir holds 0.6 l of solution to clean up to 80 m² of floor space.
- Can be used with water only, bleach or cleaning solution.

QUICK-CONNECT SYSTEM

IMPROVED SYSTEM!
- Thicker, seamless bladder for improved durability
- Sturdier connection between frame and Pulse

ON-DEMAND DELIVERY
- Press the trigger handle to dispense three streams of cleaning solution behind the mop (non-atomising for greener cleaning).

Rubbermaid PULSE™ Microfibre Floor Cleaning System
Clean more square metres in less time. Industry-best microfibre, on-board reservoir, and user-controlled release of solution.

Clean faster and better!

CLEANS UP TO 80 m²

Clean Connect™ Cap
Clean Connect™ Cap and Rubbermaid PULSE™ Caddy snap together for spill-free refilling. Flow automatically stops when reservoir is full.

Rubbermaid Pulse™ Kit Single-Sided + 2 Mops
- R050669
- Materials: Polypropylene/Aluminium
- Dimensions: 142.2 x 12.4 x 9.5 cm
- Colour: Yellow
- Pack: 1

The kit contains yellow Pulse. Can be replace with grey Pulse under request.
Bleach-safe durability

Bleach-safe microfibre textiles from Rubbermaid Commercial Products are proven to last longer and provide better cleaning efficiency than non-bleach-safe textiles.

- Rubbermaid bleach-safe microfibre withstands even the harshest high-PH detergents.
- Bleach sanitizes textiles when laundering below 90°C (CDC minimum temperature when not using bleach).
- Bleach (hypochlorite based) solution is the only CDC recognised disinfectant for use in areas where Clostridium Difficile or Creutsfeldt-Jakob Disease may be present.\(^1\)

\(^1\) Always use cleaning chemicals or disinfectants as directed by your facility manager.

\(^3\) Micron = one millionth of a metre

Combine Rubbermaid Pulse™ Single-Sided or Double-Sided frame with High-capacity FLOW™ Backpack system, which allows user-controlled release of solution.

- Help reduce labour costs and improve worker productivity and well-being.
- Ideal for spot cleaning and to clean anywhere where you can not take a bucket.
  (Stairs, tube stations, trains, ...)

**HIGH-CAPACITY BACKPACK SYSTEM**
Holds 5.6L for cleaning up to 820m² of floor surface. The 7.5 cm diameter opening makes refilling clean & easy.

**PROTECTS WORKER WELL-BEING**
Chest and waist straps distribute weight onto user’s hips instead of shoulders, reducing user strain.

**BUILT-IN CONVENIENCE**
Includes built-in pockets for MSDS sheet, water bottle, and work radio/phone for user comfort and efficiency.

**IMPROVED COMFORT**
Backpack features venting channels to improve airflow and reduce moisture on back while wearing.

**NEW! CLEANING: Rubbermaid HYGEN™**

CLEANING: Rubbermaid HYGEN™
Rubbermaid HYGEN™ Flexi Frame™

Clean faster and more effectively with new Rubbermaid HYGEN™ Flexi Frame™. Frame conforms to curved surfaces for better pickup of dirt and debris.

- Frame flexes to clean both contoured and flat surfaces.
- 5 specialised mops for every cleaning need.
- Patented arc shape pulls dirt, hair and debris towards the centre for better pickup.
- Proprietary flexible compound will not crack or split, even when used with bleach or peroxide.
- Use hand-held or with Rubbermaid HYGEN™ Quick-Connect handles and extension poles, excellent to clean hard-to-reach areas (see page 63).
- For all covers: 500 launderings without bleach, 200 launderings with bleach. *

**Rubbermaid HYGEN™ Quick-Connect Frames**

Quick-Connect frames feature a flat profile that slides easily under furniture and equipment. Trapezoidal shape improves cleaning in corners and other hard-to-reach areas.

- Lightweight aluminium construction is safe for MRI rooms.
- Replaceable hook and loop strips attach all Rubbermaid HYGEN™ Microfibre Damp and Dust Mops.
- Rounded plastic end caps help protect walls and furniture.

Secure pad attachment. Aluminium frames have removable hook-and-loop strips on the underside for attaching pads. Replaceable strips slide into channels and are held in place by removable end caps.

Open-step Quick-Connect mechanism makes mop assembly and frame changes fast and easy.

Durable, patent-pending nylon universal joint provides a full range of motion for efficient cleaning.

Rounded plastic end caps help protect walls and furniture.

---

**Rubbermaid HYGEN™ Quick-Connect Handles and Poles.**

Rubbermaid HYGEN™ Quick-Connect Handles and Pole make cleaning more efficient in every area of your facility. The Quick-Connect mechanism allows easy, time-saving frame exchange.

- Lightweight aluminium construction is safe for MRI rooms.
- Handles available in straight or ergonomic bend styles, in adjustable lengths from 115 cm to 186 cm.
- Extension poles make quick work of high-reach cleaning tasks, with lengths up to 548.6 cm.
- FGQ70100BK00 Quick-Connect adapter allows use of Quick-Connect handles and poles with any standard threaded tool.

---

**NON-SLIP TIPS**

- When placed against a wall, these tips help prevent the handles from sliding and falling (standard on all Quick-Connect handles and poles).

**LARGE COMFORTABLE GRIP**

- Provides better stability for cleaning high areas with extension poles.

**RUBBERMAID HYGEN™**

- Frames and handles contain non-magnetic aluminium and are safe to use in MRI rooms.

Rubbermaid HYGEN™ Microfibre Cloths
Industry-best microfibre cloths include patented zig-zag scrubbing strips and high quality knitting for better absorption and debris pickup.

- Double-finished edges provide durability and shape retention.
- Launder 500 times without bleach or 200 times with bleach.
- Withstands up to 90°C hot water for bleach-free sanitation.
- Colour-coded for general purpose and special applications.
- Smooth, blue knit for no-lint cleaning of glass and polished surfaces.

Rubbermaid HYGEN™ Microfibre Cloths are colour-coded to assist in cleaning by area or task and help reduce cross-contamination.

Rubbermaid Professional Microfibre Cloths
When cleaning power and productivity come stronger together!
Rubbermaid Professional Microfiber Cloths are the ideal solution for professional usage. With the cleaning effectiveness of split microfiber and the extended durability, these cloths will keep your cleaning operation at a competitive cost-in-use.

Proven Durability / Performance:
- Split Microfibre.
- Launderable up to 100 times with bleach, 250 times without bleach (based on internal testing).
- Cleans better & last longer.
- Best absorption capacity.
- Low cost alternative that delivers superior cleaning performance.

Level of Cleanliness:
- Proven to remove 99.9% of microbes.
- Colour coded to prevent cross-contamination.
- Consistent with HACCP.
- Bleach safe.

Rubbermaid Professional Microfibre Cloths are colour-coded to assist in cleaning by area or task and help reduce cross-contamination.

Rubbermaid Standard Microfibre Cloths

When cleaning power and cost savings come together! Rubbermaid Standard Microfibre Cloths are the durable and versatile solution for back- and front-of-house cleaning tasks. With the cleaning effectiveness of microfiber and durable, sanitizer-friendly construction, these cloths will keep your standard cleaning operation looking great for years.

Proven Durability / Performance:
- Non-split Microfibre.
- Launderable up to 40 times with bleach, 100 times without bleach (based on internal testing).
- Removes stains 30% more effectively than cotton cloths.
- Good absorption capacity.

Level of Cleanliness
- Proven to remove 99.9% of microbes.
- Sanitiser and bleach safe to help maintain sanitiser effectiveness (Sanitiser safe = does not affect the chemical concentration of the cleaning solution).
- Colour coded to prevent cross-contamination.
- Consistent with HACCP.
- Good absorption capacity.

FLAT MOPPING – LARGE SURFACE CLEANING

Microfibre Mops
- Microfibre filaments collect and hold dust, dirt and allergens better than any other cleaning material.
- R030754 with flaps is perfect for general cleaning and fits holder R050839.
- R030753 with pockets and flaps: ideal for disinfecting fits holder R050840.
- When used for damp cleaning: combine the Combo Bravo Bucket or the R001555 Sani Duo with the Roller Wringer R050297 (pages 71-72).
- Laundering maximum temperature: 90°C

Cotton Flat Mops
- Loop-ended and tailbanding reduces tangling for like-new performance
- After every laundering.
- The 4-ply, balanced blend of cotton and synthetic yarn withstands repeated launderings without shrinkage.
- Antimicrobial protection prolongs the lifespan of the fringe and ensures maximum hygiene by inhibiting the growth of microorganisms.
- When used for wet cleaning: the Down Pressure Wringer with the Press Reducer R001589 in combination with the Combo Bravo Bucket or the Sani Duo are the ideal tool.
- When used for damp cleaning: combine the Combo Bravo Bucket or the Sani Duo with the Roller Wringer.

FLAT AND FOLDABLE MOPPING SYSTEM

A complete range of holders and mops for disinfecting and cleaning floors.

Handle
■ Aluminium handle fits all holders.

Holders
■ All holders are non-porous plastic for easy cleaning.
■ All holders are fully rotatable.
■ To unlock the holders after use, just step on the red button.

R050839 – SaniQuick Holder: for mops with flaps
■ 45 cm length for greater productivity.
■ Mop remains attached to holder.
■ To release the mop after use, just step on the red button.

R050840 – Bi Power Holder: for mops with flaps and pockets
■ Part folding (when using a mop with pockets) or full folding (when using a mop with flaps) for simple rinsing and wringing, or for easy mop changing.

R050841 – Step Holder: for mops with pockets
■ 50 cm length.
■ Mop can be easily changed after each use.
■ To release the mop after use, just step on the red button.

HOW TO USE the Bi-Power Holder?

With FLAPS – for GENERAL CLEANING in low risk areas

Select the breaking of the frame depending on the usage

With POCKETS – for DISINFECTION in high risk areas

Web Foot® Microfibre Tube Mops

Designed to have greater floor contact and improved absorbency.

- Constructed with a blend of continuous filament microfibre and polyester.
- Triple the durability and withstands three times the number of launderings of standard blend mops.
- Superior absorbency and release characteristics.
- Tube design reduces drag for increased productivity.
- Lasts 200 launderings with bleach in 90°C water.
- Clean 54% faster than standard cotton mops.
- Ideal in combination with the Down Press Wringer and the Sani Duo or the Combo Bravo Bucket (see page 71-72).

Web Foot® Microfibre String Mops

Highly durable and absorbent for extra-long mop life.

- Constructed with a blend of continuous filament microfibre and antimicrobial yarn.
- Pre-laundered and pre-shrunk.
- Double the durability and withstands twice the number of launderings of standard blend mops.
- Recycled content: 21% post-industrial cotton and 28% PET plastic.
- Works with all traditional wet mop handles and frames.
- Ideal in combination with the Down Press Wringer and the single or double bucket and the Combo Bravo bucket or the Sani Duo.

Can be used with handle FGH14600 or handle R001531 in combination with mop holder R001530 (see page 69).
Cotton Web Foot® Wet Mops

- Balanced blend of cotton and synthetic fibres delivers up to five times the absorbency of cotton mops.
- Loop-ended, open-twist yarn reduces linting.
- Woven tailband covers more floor area per stroke.
- Recycled content: colours are 35% post-industrial cotton and 20% PET plastic; white is 35% post-industrial cotton.
- Shipped as compact mop packages.
- Can be used with handle FGH14600 or handle R001531 in combination with mop holder R001530.

Cotton-End String Mop

- High absorbency.
- Loop-ended and tail banding reduces tangling for like-new performance after every laundering.
- The 4-ply, balanced blend of cotton withstands repeated laundering without shrinkage.
- Can be used with handle FGH14600 or handle R001531 in combination with mop holder R001530.

Wet Mop Handles

Invader® Wet Mop Handles make removing and replacing mop heads easy and efficient.

- Invader® Side Gate Handle’s thumb wheel clamps the mop firmly in place; should be used with 12.7 cm headband mops.
- 2 different handles available: aluminium or fibreglass with colour coding option.
- The aluminium handle R001531 needs the Loop holder R001530.

WaveBrake® Mopping Trolleys

The WaveBrake® Mopping Trolley combines all the accessories to optimise your cleaning effectiveness.

- Down Press Wring can be used with Kentucky or for flat mops with the press reducer R050163.
- Dirty Water Bucket separates dirty water from clean water.
- 33 l Bucket can be easily removed from dolly for emptying.
- Ergonomic handle for easy manoeuvrability.
- Can carry two safety signs.
- Removable Maid Caddy to store and carry cleaning supplies.
- Accessory Bucket for use in trash collection or extra storage of water or cleaning supplies.
- Quiet Caster Dolly, ideal for noise-sensitive environments.

WaveBrake® Combos

The WaveBrake® reduces splashing, which means a safer environment, cleaner floors and improved productivity.

- High efficiency Down or Side Press Wring.
- Premium tubular steel and Structural Web moulded plastic.
- Dirty water separation (optional).

Moulded-in WaveBrake®

This revolutionary bucket shape with moulded-in WaveBrake® inhibits wave formation, which greatly reduces splashing under typical usage.

MOPPING EQUIPMENT

Single Bucket Combos

Take the guesswork out of ordering, one code number for both bucket and wringer.

- Lightweight, manoeuvrable and compact design for small storage spaces.
- All buckets feature moulded-in measurement graduation.
- Available in 4 colours, facilitates colour-coding and reduces the risk of cross-contamination.
- Capacity: 25 l
- 4 non-marking swivel plastic casters.
- The Combo Bravo is ideal for Kentucky mopping.
- For flat wet mopping combine the Combo Bravo with the press reducer R001589 (see page 72).
- For flat damp mopping combine the Combo Bravo single bucket with the Roller Wringer R050297 (see page 72).

Double Bucket Combos

Double pail for separate cleaning solution and rinse water for an easy-to-use cleaning system.

- 2 buckets: capacity 2 x 18 l (blue for clean water and red for dirty water).
- 4 quiet swivel casters dolly.
- Wringer and Buckets easily removable for replacement and cleaning.
- The R015111 is ideal for Kentucky mopping.
- For flat mopping use the R015111 in combination with the press reducer R001589.
- Optional handle for enhanced ergonomics.
WRINGING SOLUTIONS

Roller Wringer

- Highly efficient wringer, withstands 25,000 wringing cycles.
- Ergonomic aluminium handle, for easy and efficient wringing.
- Integrated mop handle holder for easy transport.
- Highly durable polypropylene and steel construction.
- Can be used with all types of flat mops.
- Roller Wringer is ideal for damp mopping: can be used with bucket to Combo Bravo or with Sani Duo bucket (see page 71).

Down Press Wringer

- Highly efficient wringer, ideal for daily professional tasks.
- Durable plastic construction.
- Ideal for Kentucky mops up to 500 gr.
- For flat mops use in combination with press reducer R001589.
- Can be used with bucket to Combo Bravo or with Sani Duo bucket (see page 71).

Buckets

A complete range of durable plastic buckets for multi-purpose uses

- Available in different colours to facilitate the colour coding.
- Available in different sizes from 5 l to 22 l.
- Optional FG315488 allows effective cleaning supplies organisation.
- The Brute bucket can carry a load of 11.3 kg.
Mechanical Sweepers
A complete line of commercial sweepers for hard floors and carpets.

Floor and Carpet Sweeper
Smaller size gets into tight spots.
- Constructed of durable Galvanised steel and tough ABS plastic
- Efficient 16.5 cm sweep path
- Easy-open debris pan for effortless cleaning
- For bare floors or low pile carpets

Dual Action Sweeper
Two types of brushes provide maximum cleaning and versatility.
- Constructed of durable Galvanised steel and tough ABS plastic
- Dual debris pans with one-touch cleaning doors
- Wide 19 cm sweep path with protective bumper
- Soft rubber wheels and brushes conform to floor surface
- Designed for large debris as well as smaller crumbs and dirt
- For bare floors or low pile carpets

Brushless Mechanical Sweeper
The most versatile sweeper in the system, this model has non-marking rubber blades that effectively sweep up dust, debris, and spills from a variety of floor surfaces. Perfect for foodservice applications.
- Constructed of durable Galvanised steel and tough ABS plastic
- Low profile for easy access around and under furniture
- Tinted window allows you to see when the sweeper needs emptying
- Two debris canisters with one-touch emptying doors
- Soft rubber wheels glide easily on carpet, vinyl, tile, wood, and more
- Wide 19 cm sweep path with protective bumper

**For bare floors or low pile carpets**
Lobby Pro® Dust Pans and Broom
A range of pans and a matching broom for cleaning in any environment.

- Hand held Dust Pan with ergonomic design FG200500.
- Dust Pans with handle perfect for spot cleaning without bending, for use with lobby brooms.
- Durable rear wheels improve wear resistance.
- FG253200 Self-opening and closing lid conceals unsightly dirt and debris.
- FG253300 Lobby Pro Deluxe features same benefits as FG253200 plus an ergonomic and adjustable handle grip that enhances user comfort.
- FG637400 Lobby Dust Pan Broom perfect for hard-to-reach corners (vinyl coated metal handle).
- FG253500 Optional hanger bracket allows for easy pan and broom transport and storage.

Lobby Pro® Wet/Dry Spill Pan
Offers users the ability to clean any type of spill, solid, liquid or a combination of both, without having to bend over or touch the spillage.

- The 2 l capacity smooth-skin Spill Pan has a wide sloping front end over which spills are transported into the pan using the Cleaning Wand.
- Beyond the peak of the slope is a drop-off that will not allow liquids to find their way back onto the floor surface.
- The front of pan area also includes a recessed and replaceable rubber blade that contours itself to uneven floor surfaces to help ensure that liquids will not find their way under the pan.
- Spill Pan includes a convenient indented foot rest that allows the pan to be held firmly in place.
- The Cleaning Wand allows users to quickly and effectively transport liquid or mixed spills from smooth or rough surface floors into the Spill Pan.
- The Cleaning Wand blade is made of a soft double moss squeegee foam and is supported by a galvanised metal frame.
- It also includes a 116.8 cm metal handle for wide area spill cleaning without bending over.

Janitor Cart 1860740

- Smooth, easy to clean surface.
- Delivered with zipped yellow bag (92 l) for easy waste removal (FG618300YEL).
- 4 swivel wheels (10.2 cm).
- Optional locking compartment (FG618100) to keep cleaning chemicals out of reach.
- Front platform can hold a double bucket (RD15111), a single bucket or 121 l Brute container (FG263200).
- Storage compartment incorporated into lid holds a few tools or accessories.
- For optional accessories see pages 78-79.

Janitor Cart 1805985

- Same configuration as the Janitor Cart 1860740 but it contains 2 fixed casters at the back side (20.1 cm) and 2 swivel wheels (10.2 cm) at the front side.

### Triple Capacity Cart

Maximise productivity and help reduce labour costs with the Triple Capacity Cart. High-capacity cart provides multi-stream collection for efficient, cost-effective sorting. Customisable options support recycling and green cleaning.

- High-capacity zipped bags hold up to 128 l each available in Red, Green and Blue with universal recycling symbol and Yellow for general waste (bags sold separately).
- Rubber Tool Grips hold handles upright.
- Non-rusting and easy-to-clean aluminium and structural web plastic construction.
- Features 2 swivel casters and 2 wheels.

### Broom Storage

Both handles include rubber Tool Grips that hold handles.

### Comfort Grip Cart Handle

Improved design makes the cart more manoeuvrable and comfortable.

### High-Capacity Vinyl Bag

PVC lined, leak-proof vinyl bags hold up to 128 l, improving productivity by reducing the number of trips to empty waste. Zipped front access makes waste removal easier. (Bags sold separately.)

### Recessed Storage Area

Large, open storage area below center bag.

Combine with Accessories such as Security compartment and Waste covers for more security. See Accessories page 78-79.

How can you provide even better hotel housekeeping services to your customers?

The hotel housekeeper is the guardian of a hotel's brand. Their job is vital to ensure that guests have an enjoyable stay, and that standards of hygiene are upheld.

The main challenges for the housekeeper often include:

- The need to reduce cleaning time.
- Maintaining clean corridors while performing normal housekeeping duties.
- The lack of storage space available.
- Providing a nominal level of security and looking to prevent theft from rooms.

Rubbermaid offers a wide range of ergonomic solutions that help housekeepers meet every challenge in:

- The High Capacity Cart is designed to service up to 16 rooms.
- For smaller hotels and limited storage, the Compact Folding Housekeeping Cart combines the best in functionality with a significant reduction in size when folded.
- Rubbermaid provides a selection of different designs and finishes to suit each hotel interior.
- To prevent theft, all carts are supplied with locking cupboard spaces, while the majority of models feature locking security hoods.

Did you know?

Not every hotel has wide, spacious corridors and large areas of room space to manoeuvre a cleaning cart. That is why Rubbermaid has designed the Compact Folding Housekeeping Cart to fold down to nearly 30% less than its original size.
PROTECTIVE SECURITY HOOD
- Lockable, to keep cleaning supplies and amenities concealed from view (optional).

MOULDED-IN HANDLES
- For easy mobility down halls and around corners.

LOCKING DOOR KIT
- Conceals contents to provide enhanced security.

LINEN ACCESSORY MESH BAG
- Attached to handle area, ideal for transporting additional clean towels/linens (optional).

SILENT NON-MARKING WHEELS
- (20 cm), two locking brakes. Aiding movement on all floor surfaces.

High Capacity Housekeeping Carts, designed for larger hotels.
Fully equipped they can service up to 16 rooms.

They are both light and versatile with exceptional manoeuvrability, which helps to make the housekeeper more productive whilst helping to reduce strain and injuries.
