Section 1 - Product and Company Identification

Product Identifiers:

- **Product Name:** Cutter Skinsations Insect Repellent
- **EPA Registration Number:** 121-76
- **Product Use:** Insect Repellent Pump Spray

Details of the Supplier of the Safety Data Sheet:

- **Manufacturer/Supplier:** Chemsico Div. of United Industries Corp.
P.O. Box 142642
St. Louis, MO 63114
- **For product information:** 1-800-767-9927
- **For medical emergencies:** 1-800-633-2873

Section 2 - Hazards Identification

**GHS Classification of Substance or Mixture:**
- **Physical Hazards GHS Classification:** Ethanol solution
  Flammable liquid - category 3
- **Health Hazard GHS Classification:** Primary Eye Irritant – 2A
  Skin Sensitization – 1B

**GHS Label Elements:**

- **Hazard pictogram(s):**
- **Signal word:** WARNING
- **Hazard statements:**
  - Flammable liquid – Do not use or store near heat or open flame
  - Causes serious eye irritation
  - May cause an allergic skin reaction
  - Harmful if swallowed

**Precautionary Statements:**

- Keep away from sparks and open flames. No smoking.
- Keep container tightly closed. Use explosion-proof equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Wear eye protection/face protection.
- Wash hands thoroughly with soap and water after handling. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
- Do not eat, drink or smoke when using this product. If swallowed: Call a poison control center or doctor for treatment advice if you feel unwell. Rinse mouth.
- If skin irritation occurs: Get medical attention/advice. Take off contaminated clothing and wash before reuse.

Section 3 - Composition / Information on Ingredients
### Section 4 - First Aid Measures

**Eye contact:**
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

**Skin contact:**
After returning indoors, wash treated skin with soap and water. Discontinue use if irritation or rash occurs.

**Inhalation:**
No special requirements

**Ingestion:**
Call a poison control center or doctor immediately for treatment advice. Have person sip water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**Notes to physician:**
None

**General advice:**
If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Keep out of reach of children.

### Section 5 - Fire Fighting Measures

**Flammable properties:**
Flammable liquid – category 3. Flashpoint 85°F.

**Suitable extinguishing media:**
Water fog, alcohol resistant foam, CO₂, dry chemical

**Unsuitable extinguishing media:**
Not available

**Specific hazards arising from the chemical:**
Flammable liquid. Vapors are heavier than air and may travel to a source of ignition and flash back. Liquid run-off to sewers may create fire/explosion hazard. Container may melt and leak in heat of fire. Do not allow run-off from firefighting to enter drains or water courses.

**Protective equipment for firefighters:**
Firefighters should wear full protective clothing including self-contained breathing apparatus.

**Hazardous combustion products:**
None known

**Sensitivity to mechanical impact:**
None known

**Explosion data:**
Not available

**Sensitivity to static discharge:**
Not available

**Personal precautions:**
Keep unnecessary personnel away. Do not touch or walk through spilled material. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Keep people away from and upwind of spill/leak.
Personal precautions: Remove all sources of ignition. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas. Wear personal protective equipment. Wash thoroughly after handling.

For emergency responders: If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials.

Environmental precautions: Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

Methods for containment and cleaning up: Stop leak if without risk. Move containers from spill area. Before attempting clean up, refer to hazard data given above. Small spills may be absorbed with earth, sand or absorbent material swept up and placed in suitable, covered, and labeled containers. Prevent large spills from entering sewers or waterways. Contact emergency services and supplier for advice. Never return spills in original containers for re-use.

Section 7 - Handling and Storage

Precautions for safe handling: Put on appropriate personal protective equipment. Flammable liquid – keep away from sources of ignition. Take measures to prevent the buildup of electrostatic charge.

Storage: Store product in a cool, dry place, out of reach of children. Keep container closed when not in use. Keep away from food, drink and animal feedingstuffs. Keep tightly closed. Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

Section 8 - Exposure Controls / Personal Protection

Exposure guidelines:

<table>

Engineering controls: General ventilation normally adequate.

Personal protective equipment:

Eye/Face protection: During application, prevent entry into eyes. Wear safety glasses with side shields if using in large applications.

Skin and body protection: None required

Respiratory protection: Where exposure guideline levels may be exceeded, use an approved NIOSH respirator.

General hygiene considerations: Handle in accordance with good industrial hygiene and safety practice. When using, do not eat or drink. Wash
Section 9 - Physical & Chemical Properties

- **Appearance:** Clear
- **Color:** Water-white
- **Physical state:** Liquid
- **Odor:** DEET, alcohol & fragrance
- **Odor threshold:** No data available
- **pH:** 6.0
- **Melting point:** No data available
- **Freezing point:** No data available
- **Boiling point:** No data available
- **Flash point:** 85°F
- **Evaporation rate:** No data available
- **Flammability limits in air, lower, % by volume:** No data available
- **Flammability limits in air, upper, % by volume:** No data available
- **Vapor pressure:** No data available
- **Vapor density:** No data available
- **Relative density @ 20°C:** 0.932
- **Octanol/water coefficient:** No data available
- **Auto-ignition temperature:** No data available
- **Decomposition temperature:** No data available
- **Solubility:** Miscible in water
- **% Volatile organic compounds:** 40

Section 10 - Chemical Stability & Reactivity Information

**Reactivity**

- **Conditions to avoid:** Do not mix with other chemicals.
- **Incompatible materials:** Oxidizers

**Chemical stability**

- **Product stability:** Stable under recommended storage conditions.

**Other**

- **Hazardous decomposition products:** None known
- **Possibility of hazardous reactions:** Hazardous polymerization does not occur.

Section 11 - Toxicological Information
### Primary eye irritation:
Causes substantial but temporary eye injury (EPA tox. category II)

### Primary skin irritation:
Non-irritating (EPA tox. category IV)

### Acute dermal:
LD$_{50} > 5000$ mg/kg (EPA tox. category IV)

### Acute inhalation:
LC$_{50} > 2$ mg/L (EPA tox. category IV)

### Acute oral:
LD$_{50} > 2000$ mg/kg (EPA tox. category III)

### Sensitization:
May cause allergic reaction after repeated contact.

### Chronic effects:
No data available

### Carcinogenicity:
No data available

### Mutagenicity:
No data available

### Reproductive effects:
No data available

### Teratogenicity:
No data available

### Ecotoxicity:
No data available

### Section 12 - Ecological Information

### Section 14 - Transportation Information

| U.S. Department of Transportation (DOT): | Ethanol Solution, 3, UN-1170, PG-III |
| IATA: | Ethanol Solution, 3, UN-1170, PG-III |
| IMDG: | Ethanol Solution, 3, UN-1170, PG-III |

### Section 15 - Regulatory Information

| 29 CFR 1910.1200 hazardous chemical Occupational Safety and Health Administration (OSHA) : | No |
| CERCLA (Superfund) reportable quantity: | Not available |
Hazard Categories

Superfund Amendments and Reauthorization Act of 1986 (SARA):
- Immediate Hazard: No
- Delayed Hazard: No
- Fire Hazard: No
- Pressure Hazard: No
- Reactivity Hazard: No

Section 302 extremely hazardous Substance: No
Section 311 hazardous chemical: No
Clean Air Act (CAA): Not available
Clean Water Act (CWA): Not available
State regulations: None

FIFRA labeling: This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

Signal word: CAUTION
Precautionary statements:
- Causes substantial but temporary eye injury. Harmful if swallowed. Do not get in eyes. Use of this product may cause skin reactions in rare cases. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash treated clothing before reuse.
- COMBUSTIBLE. Do not use or store near heat or open flame.

Notification status: All ingredients of this product are listed or are excluded from listing on the U.S. Toxic Substances Control Act (TSCA) Chemical Substance Inventory.

California Prop. 65: This product does not contain any chemicals known to the state of California to cause cancer, birth defects or any other reproductive harm.

Disclaimer: Information contained herein was obtained from sources considered technically accurate and reliable. While every effort has been made to ensure full disclosure of product hazards, in some cases data is not available and is so stated. Since conditions of actual product use are beyond control of the supplier, it is assumed that users of this material have been fully trained according to the requirements of all applicable legislation and regulatory instruments. No warranty, expressed or implied, is made and supplier will not be liable for any losses, injuries or consequential damages which may result from the use of or reliance on any information contained in this document.
